

## eBrochure & Hyatt Weddings

### Create visually engaging digital wedding brochures your customers will love

eBrochure for Hyatt offers realistic, magazine-style digital wedding brochures that beautifully showcase your venue spaces, menus, unique offerings and more. Its sleek design and interactive features are sure to help you stand out from your competition and create a great first impression.

This easy-to-use online solution allows you to add rich media with the ability to add links directly into your proposals and communications in order to capture direct bookings.

Eliminate thousands of dollars in printing and distribution costs while showing clients that your organization is environmentally-focused, offering a contactless means of communication, and committed to reducing paper waste by going digital. Update your eBrochure whenever you need based on event or venue changes with an easy-to-use admin area.

### Highlights

#### QUICK, REAL-TIME UPDATES

eBrochure gives you the ability to update and publish content in real-time with just a click of a button. No need to constantly update a PDF on your website. Simply use a link to your brochure instead of attaching a PDF file.

#### EASY NAVIGATION

The interactive table of contents and smooth page flip effect make it easy for customers to navigate through your brochure with ease.

#### CUSTOMIZE AND ADD INTERACTIVE CONTENT

Easily add new pages to your brochure from the templates available in your custom design library. Personalize the content and add links to your website, videos and more.

#### HYATT APPROVED STANDARDS

eBrochure is designed to meet Hyatt standards and provide stunning design layouts to highlight your property's wedding offerings.
