

Proposals

Manage and win more group and event business with vibrant, custom RFP responses that are ready in minutes.

Cendyn Proposals streamlines RFP responses, enabling sales managers to create personalized, media-rich proposals in minutes. Stand out with web-based microsites tailored to your brand and each RFP, accelerating group sales.

☒ Build quickly on the fly

Use pre-defined descriptive content blocks and commonly used files, videos, and floor plans to generate stylish proposals quickly and easily.

☒ Personalize your proposal

Tailor each sales proposal with custom messaging, videos, social media links, and content highlighting your property's key features. Customize proposals in over 30 languages to resonate with prospects, enhancing communication and engagement.

☒ Brand approved design

Customize your response with brand-aligned color themes and logos to align with corporate standards.

☒ Cendyn Catering integration

Only send menus that are relevant to each individual proposal.

☒ Real-time notifications

Real-time inbox alerts notify you the moment a prospect opens your proposal, allowing you to follow up directly when your property is top of mind.

☒ Activity dashboard

View all activity and views of sent proposals.

☒ Card

Use Card to send personalized HTML messages for acknowledgements, reminders, thank yous, and more, streamlining team communications.

☒ Sales & catering integrations

Connect Cendyn Proposals to your S&C to automatically pre-populate new event blocks, reducing your team's admin time.
